

CARDIFF PORT HEALTH AUTHORITY

Report of the Medical Officer of Health for the
Year 1952

The Cardiff Port Sanitary (now Health) Authority was constituted by provisional order of the Local Government Board (now Ministry of Health) in 1882, becoming permanently constituted with extended limits of jurisdiction in 1894. The limits of the Port Health District extend from Sully Island to the Rumney River, the Authority having jurisdiction over all waters, docks, harbours and vessels within the said limits.

The Port Health Authority is invested with all the functions, rights and liabilities of an Urban Sanitary Authority under certain sections of the Public Health Acts, so far as they are applicable to waters, vessels, persons, goods or things on, or landed from, any vessel within the said jurisdiction.
